

# SOUTH AFRICA

Anglo American is the largest mining company in South Africa, contributing over 40% of the industry's revenue in the country. We are also the largest investor in the mining industry in South Africa and have pledged to invest R72 billion over the next five years, to sustain and extend the lives of our mining operations in South Africa. We adopt a holistic approach to address SA's socio-economic challenges, including education, housing, community development, healthcare, employment, land redistribution and social cohesion.

## ACTIONS IDENTIFIED FOR SUPPORTING THE RESPONSE TO COVID-19

In South Africa, Anglo American is working to identify additional actions to support communities in the response to COVID-19 during lockdown and beyond. We have committed **~R190m<sup>(1)</sup>** to our COVID-19 response and will update our contributions regularly. Anglo American's contribution to the COVID-19 response includes:

### Health care support

Providing medical equipment, including the use of company ambulances.

Donating medical supplies, including masks, sanitiser and PPE.

Company medical facilities made available for use as testing stations and potential quarantine facilities.

Providing support to local clinics by:

- Producing educational videos on COVID-19 and how to keep your family safe
- Training of clinic staff and community healthcare workers
- Supplying clinical PPE and cleaning materials.

### Nutrition

Providing food parcels for a period of three months to vulnerable households in quarantine.

### Water

Water tanks delivered to vulnerable communities.

### Livelihood support

Providing support to small and medium-sized businesses through payment holidays for all loans until the end of June 2020 through our enterprise development programme, Zimele.

### Community awareness and education support

Communication and awareness campaigns in our communities through radio, community channels, and information booklets.
