End the AIDS epidemic

Anglo American starts offering free treatment to all employees

Anglo American extends treatment to employees and dependants

Anglo American supports global commitment to end AIDS by 2030

21st International AIDS Conference
Durban, South Africa

Every year, more Anglo American employees get tested and treated

2003 

Uptake of Voluntary Counselling and Testing (VCT) ranges from 10-50% of employees

2006 

VCT uptake nearly doubles to 61%

2014 

VCT uptake reaches 86% in southern Africa – over 100,000 employees and contractors know their HIV status

You can help fast track our efforts to end AIDS:

- **KNOW YOUR STATUS**
- **TALK TO YOUR CHILDREN**
- **STICK TO TREATMENT**
